Remote Call Control

Electronic Hook Switch: Yes

This device supports Electronic Hook Switch, making it possible to answer/end calls to a desktop phone directly from the device

Jabra PC Suite: Yes

Jabra PC Suite enables remote call control with Jabra headsets and the latest generation of UC and IP softphones. Wireless headset users can answer and end calls away from their desk and softphone. With a corded headset, Jabra PC Suite gives you a number of remote call control functions either directly from your headset or from in-line buttons on the cord. The seamless integration between headset and softphone allows users to benefit from enhanced mobility and the ability to multitask while on a call. This freedom improves work efficiency and ergonomics throughout the day.

Control

Movement Sensors: Yes

Movement sensors activate features in a device based on movement, or lack thereof. An example would be turning off a device when no motion is detected.
